2 October 2006, Espoo

**Workshop theme 3:
ECVET and mobility**

European Labour Market

- Necessary
- More dynamism
- Better match

European Labour Market

- Creates new possibilities for all young and adult
- Creates possibilities for enterprises
- Improves competitiveness of European business

Obstacles

- Limited range of possibilities to learn abroad
- Gaps in cooperation

ECVET partnership

- Identification by partners between the relevant qualifications of learning outcomes
- The agreement for the assessment process
- Drawing up of the individuals' learning map

Mobility – Questions

- To what extent can ECVET contribute to the development of trans-national partnerships?
- To what extent can ECVET contribute to improving the quality of and participation in mobility programmes?
- To what extent do you think that ECVET can complement Europass to promote mobility?
- Do the technical specifications of ECVET take sufficient account of the assessment (1), validation (2), recognition (3), accumulation (4) and transfer (5) of learning outcomes (for formal, non-formal and informal learning)? If not, please specify?
